## **September Session of Community Health Learning Collective (CHLC)**

Please join us for our September 2023 session of CHLC. Our featured speakers will be Jocelyn Wilder, MPH, PhD, Kim Downing, RN, JD, and Kandis Draw, CHW.

Driven by a commitment to more deeply understand the perceptions around hospice and palliative care of Black Americans living in Chicago, Ms. Kandis Draw proposed a qualitative research project in response to interest from NORC at the University of Chicago in exploring enhanced community-engaged research opportunities. A partnership was developed between The HAP Foundation, NORC, and Arreola Research that allowed for an IRB-guided, qualitative research project to investigate the experiences of Black Chicagoans around hospice and palliative care.

Please join The HAP Foundation's September CHLC session to hear about the study design, implementation, and findings.

**Tuesday, September 26<sup>th</sup>,  
2023, at 2 PM CST.  
Virtually Via Zoom.**
