

Join Us!

February 2024 Session of Community Health Learning Collective (CHLC)

Please join us for our February 2024 session of CHLC. Our featured speaker will be Shaquan Dupart. Shaquan is a mama of two, a Registered Nurse birth worker, a Student Nurse Midwife, and the founder of the Chicago Black Doula Alliance. Shaquan understands the importance of community and works very hard to create safe spaces in her personal and professional endeavors. Shaquan always knew that she wanted to do something super impactful in her community but had no idea what that was going to look like until she happened upon the work of doulas. Shaquan will be discussing the history of the Chicago Black Doula Alliance, the ways that the organization has supported community members, and what lies ahead.

We are excited to host Shaquan and highlight the work of the Chicago Black Doula Alliance. This promises to be a fabulous workshop and we hope to discuss the connections between Community Health Workers (CHWs) and Doulas. We hope you will join us on Valentine's Day to discuss this work that comes straight from the heart!

**Wednesday, February 14th,
2024, from 12 PM-1:00 PM
CST. Virtually Via Zoom.**

**Please email
